THE LAST DESERT (ANTARCTICA) 2026

EQUIPMENT LIST

You must have every mandatory item in the required quantity. Every item will be checked on the ship as we sail through the Beagle Channel. Failure to have any item will result in a time penalty or you may not be allowed to start the race.

Some Items are available at the [RacingThePlanet Store](#).

- The link on each item takes you all relevant options that are available from the [RacingThePlanet Store](#).
- Go to the [RacingThePlanet Store](#). Under Race Equipment you will see suitable equipment for each item.
- You can also search using the tag #antarcticagear + mandatory or optional equipment item (for example, if you are searching for a sleeping bag, put #antarcticagear #sleepingbag)

MANDATORY EQUIPMENT

1. BACKPACK / RUCKSACK x 1

- ☐ Capable of carrying all the Mandatory and any Optional Equipment that you choose to bring. A 25-32L backpack is optimal. There is no one backpack model that works for everyone but below are some popular options.

Popular Brands: Ultimate Direction, Osprey, OMM, RaidLight, WAA, UltrAspire, Gossamer Gear (Recommended by Women for Women (Fast Kumo 36 Fastpack))

2. WATERPROOF BAG (35L) x 1

- ☐ The waterproof bag must be a **minimum of 35 litres** in size. There is a chance of light rain and snow, and it is vital to keep the contents of your backpack dry. Using a combination of smaller bags does not fulfil this requirement.

Popular Brand: Sea-to-Summit, [RacingThePlanet Lightweight Dry Bag](#)

3. WATERPROOF BAG (60L – 65L) x 1

- ☐ The waterproof bag will be used as a drop bag and must be a **minimum of 60 litres** in size as it is vital to keep its contents dry. Using a combination of smaller bags does not fulfil this requirement. This must be a very sturdy and durable waterproof bag. This bag cannot be cloth.

Popular Brands: Outdoor Research, Sea to Summit, NRS, Ortlieb, Sealine

4. SLEEPING BAG (-9°C/15°F) x 1

- ☐ The minimum requirement combination of sleeping bag plus bag liner is **-9°C/15°F** (comfort rating).
